## Description

Ideal purchase for first-time buyers: This unique and modern house is based on 4 containers: on the ground floor, it offers a spacious living/dining room with large window front, an efficient fire place, an open-plan kitchen and a guest toilet. On the first floor are 2 bedrooms with a bathroom and a sunny terrace with sea views. On ground level in the back, there is also a large deck and roofed BBQ area, a small pool and parking for 2 cars. The house has good insulation and is suitable for year round living.
